

P-SERIES OPTIONS

The energy efficient P-Series incorporates excellent insulating properties where the heat reflecting glass surface creates a cooler workplace while maintaining the heating efficiency of the oven. The excellent ergonomic design of the oven with its solid, robust and compression-spring door construction along with the stainless steel, bead-blasted handles provides a good work environment as does the optimum height between decks.

OPTIONS P-SERIES

1. Premium design

Exclusive optional equipment with specially designed canopy and practical pull-out shelving with integrated bowls and an intelligent control panel with smart, built-in features such as the ability to program the oven by simply pushing a button for increased or decreased work loads depending on orders. The premium design also offers the ability to use a preset weekly schedule in which time and temperature can be set for seven days.

2. Digital control panel SD-Touch

Intelligent panel with unique user interface produced for pizza ovens. Simple operation with options for advanced or simplified operation. Incorporates weekly scheduling with the ability to program for all seven days of the week. Individual adjustments per deck.

3. Separate connections per deck

Separate electrical supply per deck for separate feeding and lower connection power.

4. Choice of colors

The oven is available in a red or black finish.

5. Unassembled deck

The oven is shipped unassembled. Recommended for installation in tight spaces.

6. Double glazed oven door

Makes the oven more heat efficient and gives a better working climate in the restaurant kitchen.

Dimensions

P200

Width: 1120 mm
Depth: 591 mm
Depth with canopy: 686 mm
Max. 2 decks.

P400

Width: 1120 mm
Depth: 915 mm
Depth with canopy: 1010 mm
Max. 3 decks.

P600

Width: 1475 mm
Depth: 915 mm
Depth with canopy: 1010 mm
Max. 3 decks.

P800 / P800D

Width: 1830 mm
Depth: 915 / 1060 mm
Depth with canopy:
1010 / 1155 mm
Max. 3 decks.
